By: Ecora Auditor Professional 4.5 - Windows Module 4.5.8007.18310

Using: FFR Definition 'OS and Service Pack Report by Computer'

Description: A Fact-Finding report will show values greater than, less than, or unlike a threshold value you set. These reports are very surgical in their precision - you can pull precisely the data you need, but they also offer a wealth of data through hundreds of built-in reports created by experts.

OS and Service Pack Report by Computer

Table of Contents

Operating System and Service Pack Summary	1
--	----------

Collected Not-Collected Legend

DEFAULT	The value presented in the report was not directly reported by the target, but implied by the current value or lack of a value for the attribute
